

METHAGENE

METHAGENE TRAINING SCHOOL ON LARGE SCALE METHANE DATA HANDLING, ANALYSIS AND INTERPRETATION, Poznan, Poland, 23-25 September 2015

[Methagene](#) COST Action together with [Poznan University of Life Sciences](#), Poznan, Poland offer an unique opportunity to learn how to handle and analyze large scale methane data. Mix of theory and practical on sample methane emission datasets.

Topics:

1. Impact of methane emissions from ruminants
2. Different approaches to measure methane
3. How to process and analyse methane data
4. Different methane phenotypes

Teachers:

1. Phil Garnsworthy, The University of Nottingham, United Kingdom
2. Yvette de Haas, Wageningen UR Livestock Research, The Netherlands
3. Jan Lassen, Aarhus University, Denmark
4. Peter Løvendahl, Aarhus University, Denmark
5. Jørgen Madsen, Copenhagen University, Denmark

Applicants:

A maximum number of 20 attendees can be accommodated. Early Stage Researchers (within 8 years of their PhD) are particularly encouraged to apply, and those selected will receive a grant towards their travel and accommodation. Applicants are requested to bring their Laptop with R software installed. The registration fee is €100. Approx. hotel price is 65 per night (incl. breakfast). The eligible participants will receive a grant of €750 to enable participation in the meeting.

Important dates:

Deadline for Application: July 15st 2014

Final decision for selecting attendees: July 30th 2014
